PGDHM COURSE -MBA (Equivalence)

The Institute offers a two-year full-time Postgraduate Programme (PGDHM), with specializations in Hospital Management, Health Management, Health Information Technology (HIT) Management and shortly will be introducing Pharmaceutical Management specialization. The programme specialization is well designed to develop any graduate - be it Doctors, Bio-tech Engineers, Pharmacy graduates, physiotherapists, nurses, AYUSH professionals, non-science graduates, working professionals and life science graduates into ‘Healthcare Management Professionals’ for the Hospital and Healthcare Sectors.

This programme allows for a more holistic approach to confront the existing and emerging challenges the healthcare industry faces. IIHMR, Bangalore is geared to respond to the challenging needs of the Healthcare Industry. It is a high performing academic centre with outstanding Faculty & Staff, supportive Alumni and Students. Our reputation reflects the cutting-edge contributions of the faculty, the high calibre of student body, the dynamics of progressive curriculum, technological orientation, and exceptional commitment to quality education and research – all in the ideal location of the Bangalore Campus.

"It is with Nostalgia that I reminisce my time at IIHMR, Bangalore after deciding that healthcare being choice of career... I wanted to seek the best college in India which allowed me to excel. The Professors and Faculties were always open to ideas and provided undivided attention and support throughout the programme..."

Choosing IIHMR, Bangalore is one of the best decisions I have ever made. I like the hands-on approach of courses at IIHMR because it took my learning beyond theory which has helped to shape my experience as Healthcare IT Professional and taken me to where I am today. IIHMR, Bangalore Campus is unique, fun & lively campus where lifelong memories are formed. I feel the cardinal yardstick for appraising the true merit of an educational institution is the value-addition it instils in its alumni’s about inculcation and enhancement of intrinsic and intangible higher values”.

Mr. Ram Milan, 2010-12 Batch
Director at ICT Health, United Arab Emirates
Observship is an integral part of the programme. The students are placed for 2 weeks in various Hospitals for practical exposure & learning.

After Summer internship the students choose specializations based on their interests.

Internship and Dissertation

Internship and Dissertation is an integral part of the Postgraduate Programme in Hospital and Health Management. As a part of the curriculum, each final year student is required to undergo Internship and Dissertation with a reputed organization for a period of four months. During internship, the student will assist the Administrator/Manager in day to day operations. Through this process, he/she is expected to gain practical knowledge and skills to handle managerial issues related to major departments of the organization. Usually, students end up doing internship and dissertation in the same organization where they are placed.
