Rs.1500/-
(Including 18% GST)
Programme Background:
With the fast-changing healthcare sector, the norms governing this sector have also undergone transformation that have had their influence in the regulations being modified time and again to address the changing scenario. In this dynamic condition of the healthcare sector, there is need to keep oneself abreast with the latest in the legal aspects governing the healthcare to comply with these norms and protect the organization from any adversities that could arise out of ignorance as "Ignorantia juris non excusat" (Latin for "ignorance of law excuses no one"). This online programme has been envisaged to help healthcare organizations to understand legalities related to Healthcare sector with special reference to changed rules and regulations during this pandemic.

How this programme can help the Hospitals /Clinics / Healthcare Organizations (HCOs)?

- Understand and follow changed laws and regulations of healthcare laws
- Provide guidance for telemedicine/teleconsultation for continuity of care and patient assurance
- Provide guidance to communicate effectively and legally

Who can attend this programme?
- Doctors
- Hospital administrators- both public and private
- Diagnostic center Managers
- Government officials involved with health and related issues
- Legal professionals handling medico-legal matters
- Pharmaceutical companies,
