Subject: Online Training Programme (MDP) on Healthcare Operations Management – techniques & applications, Oct 12-17, 2020, 11:00 AM to 1:00 PM daily on Microsoft Teams.

Dear All,

IIHMR University, Jaipur is organizing an MDP program on **Healthcare Operations Management – techniques & applications**, scheduled between **Oct 12-17, 2020, 11:00 AM to 1:00 PM** daily on **Microsoft Teams**.

Operations Management is the design, operation, and improvement of the processes and systems that create and deliver the organization's products and services. It provides a scientific base for management to take timely and effective decisions to their problems. The subject advocates on improving quality, reducing variation, and eliminating waste in an organization. Some of the important operations management include PERT/CPM, Linear Programming, JIT, 5S, Lean tools, EOQ, ABC analysis, forecasting techniques, Six Sigma quality management, to name a few. Manufacturing organizations have successfully employed the programs, techniques, and tools of operations improvement for many years. Recently, leading hospitals/healthcare organizations have begun to employ the same tools.

Course Content

- Introduction to Healthcare Operations Management - tools and techniques.
- Hospital/health project management using PERT/CPM, Use of Software for analysis.
- Lean Tools in Healthcare - EOQ, ABC analysis in hospitals.
- Forecasting techniques, JIT & Standard Work.
- Queuing & Capacity planning in healthcare services.
- Six Sigma Quality Improvement with Minitab® Software.

Program Schedule

For Institute of Health Management Research, Bangalore

Usha Mangi Keth
Director

Date	Time	Topic
12-10-2020	11:00 AM -1:00 PM	Introduction to Healthcare Operations Management - tools and techniques.
13-10-2020	11:00 AM -1:00 PM	Hospital/health project management using PERT/CPM, Use of Software for analysis.
14-10-2020	11:00 AM -1:00 PM	Lean Tools in Healthcare - EOQ, ABC analysis in hospitals.
15-10-2020	11:00 AM -1:00 PM	Forecasting techniques, JIT & Standard Work.
16-10-2020	11:00 AM -1:00 PM	Queuing & Capacity planning in healthcare services.
17-10-2020	11:00 AM -1:00 PM	Six Sigma Quality Improvement with Minitab® Software.

Please visit webpage <https://www.iihmr.edu.in/executive-education/upcoming-training-program/MjU=> for further details.

Those faculties who are teaching following courses can attend this training :

- Operations management
- Quality management
- Minitab training

Those who are interested to attend this MDP please let me know.

Among faculties,

Dr. Allen P Ugargol

Dr. Gyan Chandra Kashyap

Mr. T K Pradeep Kumar

Dr. Deepashree M R

would be suitable for this.

ong Staff - for **Mr. Sudhakar** this MDP would be helpful.

Online Management Development Program

IMPLEMENTATION SCIENCE FOR EFFECTIVE IMPLEMENTATION OF HEALTH PROGRAMS-

LESSONS LEARNT FROM GLOBAL POLIO ERADICATION INITIATIVE

October 18 – 29, 2021

For Institute of Health Management Research, Bangalore

Ishamajishah

Director

About the Program:

Successful and effective implementation of the health programs is critical for achieving the health outcomes and goals of the program. Health programs are, though, based on evidence-based sound strategies and technologies, yet unable to achieve key performance indicators and health outcomes due to various barriers in access, availability and utilization of health services, such as lack of community awareness, inadequate logistics and supplies, transportation, shortage of human resources, lack of motivation and training of the health workforce, and partnerships and coordination.

Implementation Science is a new and emerging area in public health that entails identifying problems and priority setting, analysis of causes and barriers to effective implementation, developing solutions and effective implementation of activities and monitoring of program. This program builds on lessons learned in successful eradication of poliomyelitis under the Global Polio Eradication Initiative (GPEI).

The training program is based on lessons learned in implementation research on global polio eradication in India, Afghanistan, Bangladesh, Congo, Ethiopia, Indonesia and Nigeria by a Research Consortium of IHMR, Jaipur, India; Global Innovations Consultancy Services (GLICS), Afghanistan; Addis Ababa University School of Public Health, Ethiopia; Kinshasa School of Public Health, Congo; University of Ibadan College of Medicine, Nigeria; Universitas Gadjah Mada, Yogyakarta, Indonesia; BRAC James P. Grant School of Public Health, Dhaka, Bangladesh led by Johns Hopkins University School of Public Health, USA.

Objectives:

1. To undertake situation analysis and identify problems in program implementation,
2. Identify bottlenecks and barriers to Program Implementation (the 'problem' in the health system or community,
3. To identify and design effective and sustainable implementation strategies,
4. To comprehend the power of engagement in building trust with community/governance/leadership,
5. To demonstrate practice in implementation science in field settings (performance review of program, develop a problem statement, identify barriers to effective implementation, and develop strategy in the implementation science clinic.

Course Content:

1. Understanding contexts and settings for health program implementation
2. Understanding and Analyzing Implementation challenges
3. Building partnerships and engaging relevant stakeholders.
4. Creating an implementation team.
5. Applying ethical principles in conducting Implementation Research.
6. Developing strategy and implementation plan.
7. Execution of implementation, monitoring and evaluation
8. Leverage resources within the health system for implementation
9. Analyzing data for measuring change

Highlights of MDP:

BLENDED METHOD OF TEACHING

IMPLEMENTATION CLINIC

CASE STUDY METHOD

STAKEHOLDER'S EXPERIENCE SHARING

Who is a Right Person for the Program?

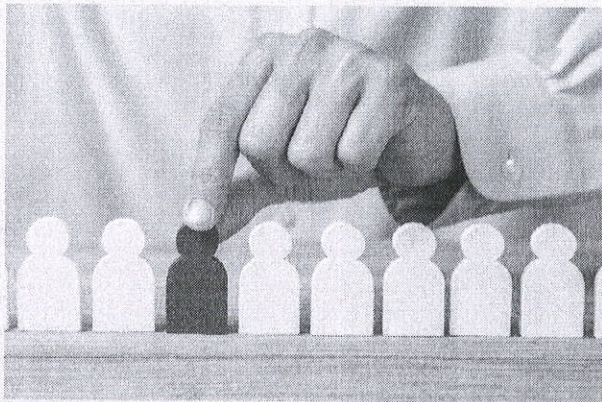

- Government/ semi-government senior-level officials/ scientists/ senior doctors/ epidemiologists engaged within vaccination programs
- Health sector professionals who want to learn the Implementation Science.
- National, state, and local level vaccination management professional including senior-level managers in private sector and NGOs.
- Programme specialist working in development partner agencies and UN agencies

For Institute of Health Management Research, Bangalore

Disha Mangrulkar
Director

Selection Procedure: _____

Participants are required to fill an MDP request form using the below-attached link/ QR code to express their interest to attend the MDP. The participant will be asked to submit his/her pre-identify unique challenge which they have faced during their work and would like to discuss and work on identifying a workable implementation plan/solution on it during the MDP.

<https://bit.ly/3nISGhM>

Scholarship: _____

Limited number of scholarship are available in the programme. The scholarship will cover course fee and certificate of the programme. To apply for the scholarship, the prospective participants should submit the following documents:

- Application letter.
- One-page motivation for why you want to join the training and how it will be useful to your work.
- Latest CV with photograph.
- Letter of recommendations from the institution where you work (fully signed by the recommending authority).

Course Fee: _____

Indian (INR) – 5,000 + GST as Applicable

Foreign participants (USD) – 70 + GST as Applicable

Certification: _____

A certificate of participation on completion of the program will be issued by the IIHMR University, Jaipur, India.

How to Apply: _____

Please send filled-in nomination form or apply through application link-

About IIHMR:

IIHMR is the first of its kind knowledge institution in India, established in 1984 in Jaipur, with attention solely focused on health systems management. It was established as a University on September 27, 2013 and incorporated as a postgraduate research University. IIHMR University undertakes education, training, research and consultancy in hospital management, health management, pharmaceutical management, rural management, and related areas

About JHU:

Johns Hopkins School of Public Health is the World's #1 Public Health institution. Being the oldest and largest school of public health, JHSPH was established more than century ago, in 1916 at the Johns Hopkins University. It currently has more than 2,600 students, nearly 25,000 alumni and more than 1,500 faculty members. The Johns Hopkins School of Public Health works in more than 100 countries, and has created a unique impact and reach through research, education and services in the health sector..

ASPPH Academic Public Health Leadership Institute

The APHLI Team

ASPPH and the Center for Creative Leadership (CCL) are partnering to bring you the 2021-2022 Academic Public Health Leadership Institute (APHLI). There are many individuals collaborating to ensure the success of this impactful program. Throughout the design and development, the APHLI team has worked together, along with the ASPPH APHLI Task Force, to ensure that the program is impactful and relevant to academic public health leaders.

With so many people involved you may be unsure who to contact with what question. We will make that process as simple as possible. Please contact APHLI@aspph.org and we will take care of directing your question to the person who can best address it.

CCL Team

David Altman – Dave is one of your APHLI faculty members. Dave will be co-facilitating each session, and you will meet him in person July 23. He has over 20 years of experience in higher education serving in faculty and administrative roles in public health sciences at Stanford and Wake Forest University. He earned a Ph.D. at UC Irvine, did a post-doctoral fellowship in cardiovascular disease prevention and epidemiology at Stanford, and worked at NCI between his MA and Ph.D. In his current role as the global Chief Operating Officer of CCL, he works extensively with senior leaders and their teams in countries throughout the world. Dave effectively draws on his years of experience both in academia and in leadership development to facilitate lively, interactive discussions that catalyze leaders' growth, development, and impact.

Marin Burton – Marin is one of your APHLI faculty members with CCL. Marin will be co-facilitating each session, and you will meet her in person July 23. She has more than 10 years of experience in higher education having served as both an educator and administrator with a focus on adult and experiential learning. She earned both a master's and Ph.D. in educational leadership with a focus on experiential education. Marin's expertise is at the core of the CCL philosophy that deep learning, while enhanced by classroom experiences, arises from a leader's experiences and how those experiences are embraced, reflected upon, and processed. As one of CCL's most sought-after facilitators, Marin shares her expertise both in leadership development and experiential learning to help participants capitalize on in-class and personal experiences to maximize those for continued, significant learning.

Andi Williams – Andi is CCL's Health Sector Portfolio Leader. Andi works directly with ASPPH and the APHLI Task Force on the design of the institute, development of the 360 assessment, communication with participants, and logistic details.

Todd Deal – Todd is CCL's Higher Education Portfolio Leader. Todd works directly with ASPPH and the APHLI Task Force on the design of the institute, development of the 360 assessment, and ensuring that the content is relevant and applicable in a higher education context.
