IIHMR BANGALORE

# About Centre for Learning and Development

The Centre for Learning and Development at IIHMR Bangalore is dedicated to fostering leadership and enhancing competencies among health and hospital managers, planners, decision-makers, trainers, and research scientists at both national and international levels.

Our mission is to bridge the skill and knowledge gap between professionals, students, and the healthcare industry. We take an industry-oriented, collaborative, technology driven, time sensitive, and growth-focused approach to ensure impactful learning and development.

*“We now accept the fact that learning is a lifelong process of keeping abreast of change. And the most pressing task is to teach people how to learn.”*

**– Peter Drucker**

## Collaborations

# About IIHMR Bangalore

IIHMR, Bangalore, is a distinguished institution for hospital and health management education in South India, with a rich legacy spanning over a decade. The institute has earned recognition for its commitment to providing education, training, and research opportunities in the healthcare sector. Offering a comprehensive 2-year full-time PGDM (Post Graduate Diploma in Hospital and Health Management) program, IIHMR Bangalore allows students to specialize in areas such as Hospital Management, Health Management, Healthcare Information Technology (HIT), and Pharmaceutical Management. This program is not only approved by **AICTE**, GoI, but also holds accreditation from **NBA**, with MBA equivalency recognized by the Association of Indian Universities (**AIU**). Recently this program has been Graded **A** by **NAAC**.

IIHMR Bangalore offers AICTE-accredited Doctoral level Fellow Program in Management (Hospital & Healthcare). This unique program is tailored to enhance the research capabilities of health professionals, contributing to the advancement of knowledge in the field. Furthermore, the institute is empanelled with prestigious organizations such as NHA, NHSRC, Jal Jeevan Mission, and KEA, serving as a valuable resource centre and assessment partner.

First time in India, IIHMR has launched PGDM in Artificial Intelligence Data Science in Healthcare. It is a two year AICTE Approved program to educate, train and equip persons with skills needed for managing AI&DS in healthcare.

IIHMR, Bangalore, is dedicated to its overarching mission of fostering leadership and competence development among health and hospital managers, planners, decision-makers, trainers, and research scientists. The institute's Centre for Learning and Development plays a pivotal role in bridging the gap in skills and knowledge between professionals, students, and the dynamic healthcare industry. Recognized by NABET, QCI, as a consulting organization for NABH, IIHMR, Bangalore, consistently upholds high standards in healthcare consulting and accreditation.
